LABOR HOSTS IN ANNUAL MEETING

American Federation of Labor Meets at Pittsburg.

MANY DELEGATES ARE PRESENT

Samuel Gompers, President of the Body, Will Preside Over Its Deliberations—Several Important Questions Will Be Discussed.

Pittsburg, Nov. 14.—Old cit yhall was crowded today when Samuel Gompers called the Federation of Labor to order for the opening of the silver anniversary of the organization. All the delegates representing every state in the union, Canada, England and other foreign countries were in their seats, and all the available space outside was utilized by visitors. The hall was tastefully and elaborately decorated.

Shortly before the convention was called to order the delegates assembled about the headquarters in the

SAMUEL GOMPERS.

Colonial hotel, and headed by a monster band of 125 pieces, made up of federated musicians in Pittsburg, they marched through the principal streets to the place of meeting.

As President Gompers and Second Vice President John Mitchell entered the hall there was prolonged applause. A few minutes later President Gompers rapped for order.

Mr. Gompers said the convention promised to be important as well as lively. He would not take on any important questions likely to come up, saying they should not be decided by him in the meeting. It is held that President Gompers is out for reelection, and it is generally believed that he will be successful. The majority of the other officers are as candidates for offices.

FIVE HUNDRED GIRLS STRIKE.

They Quit Work Because the Firm Discharged 300 Male Workers.

Philadelphia, Nov. 14.—A peculiar strike went into effect today at the Shirt Making establishment of Tullman Bros. & Fagen when 500 girls decided to quit work because the firm had virtually discharged 300 male employes.

Last Tuesday about 100 girls employed in making button holes and sleeves stopped work because the firm refused their demands for more pay. Instead of granting the demand it is said the firm suspended the remaining 400 seamstresses and the 300 male employes with the ultimatum that they could return to work upon inducing the 100 striking girls to resume.

This arrangement did not meet with the approval of the strikers.

On Saturday the firm notified all the female employes to return to work this morning. This notice the girls say was not sent to the men, and all members of the shirt makers' local union No. 67 held impromptu meetings and decided to quit.

Tawney Will Be Chairman.

Madrid, Nov. 14.—The municipal elections throughout the country yesterday resulted favorably to the government but the Republicans show increased majorities at many points. The result in Madrid was twenty-one governmentals, five Republicans and two Socialists. The police arrested sixty repeaters. Election affrays occurred at various places. The university here was reopened today owing to the subsidence of the student disturbances.

THE INSURANCE INVESTIGATION.

Is Still on Before Legislative Committee in New York.

New York, Nov. 14.—Statements of an entirely new and interesting character are looked for, says the Tribune when James Hazen Hyde takes the witness stand before the legislative insurance committee this week. Despite the nature of the Hendricks and Eric reports and the many disclosures that have been made since the Equitable imbroglio began, Mr. Hyde is expected to cause at least one sensation in his testimony. John R. Hageman, president of the Metropolitan Life it is believed, will take the stand when the committee resumes its sessions this morning. Haley Fiske will probably follow Mr. Hageman. Mr. Hyde, it was said yesterday, will begin his testimony tomorrow. As the result of this testimony, Jacob H. Schiff may be recalled to the stand.

The Equitable witnesses will include likewise, Senator Chauncey M. Depew, General Louis Fitzgerald, Edward H. Harriman, Gae E. Tarbell and George T. Wilson. It is said that the committee will make a formal request to President McCall, of the New York Life, that "Judge" Hamilton return to this country and state this year. Apparently, the committee is still unable to discover the whereabouts of A. L. Fields and Thomas D. Jordan, the ex-comptroller of the Equitable.

Mr. Fields at last acounts in California.

CONCERNED ABOUT SITUATION.

Administration at Washington Will Thoroughly Investigate.

New York, Nov. 14.—A Tribune dispatch from Washington says:

More concern is felt by the administration regarding the general situation of affairs in China than is understood by the American people.

In spite of the assurance which Sir Chentung Liang Cheng, the Chinese minister, gave in a speech at Chicago Saturday night that his government and its subjects were "naturally most favorably inclined" towards Americans and Secretary Root has deemed it advisable to warn the authorities at Pekin against further propaganda, such as that which was observed during the boycott agitation. To impress the natives of the southern provinces in one of which five American missionaries were murdered some days ago, Rear Admiral Train, commander in chief of the Asiatic fleet, is collecting a strong force in the vicinity of Canton. He cabled the state department Saturday that he had left Shanghai with the battleship Ohio and the transport General Alavia, which has marines on board.

A general uprising against foreigners, such as occurred during the Boxer outbreak is not apprehended. But the boycott movement, initiated last summer, has gained such headway that it has been found almost impossible to check it.

Nathan Given His Freedom.

Boston, Nov. 14.—Morros Nathan, who was arrested two weeks ago today in Pittsburg in connection with the death in this city of Susanna Geary, the Cambridge chorus girl, was given his freedom in the municipal court today. The reason for this action was that the grand jury which has considered all the phases growing out of the Geary girl's death, and which indicted four persons, failed to find any indictment against him. Nathan was subpoenaed to appear at the trial as the persons who have been indicted as one of the important witnesses. The general charge of abortion against Mc. Leod was quashed in the district court today, since the grand jury already disposed of the case by reporting an indictment charging accessory before and after the fact in the death of Miss Geary.

Died at Ninety-Six Years.

Birmingham, Ala, Nov. 14.—Hampton Walker, aged 96 years, died at Greenville Saturday night, one of the oldest men in the state, and one of the best preserved. He never wore glasses, had a good set of teeth at the time of his death, had had but one spell of illness during his life, and, with the exception of the fact he had been blind for several years of his latter life, was physically perfect in every way.

SCARCITY OF MONEY ALARMS WALL STREET

Stocks Takes a Tumble On Account of Report.

APPEAL TO SECRETARY SHAW

He Has Not Yet Decided to Come to Relief of Money Market at Present and Will Only Do So To Protect Business Interests.

New York, Nov. 14.—The disclosure of the deficit in the bank reserve shown in Saturday's bank statement resulted in a feverish stock market today and in the early dealings there were declines of from 1 to 7 3-4, the latter Delaware, Lackawana and Western. A number of others lost 2 to 2 1-8. Call money was nigher today, 20 per cent being bid before 11 o'clock. At that time it was reported that the banks had lost $988,000 to the subtreasury since last Friday.

Washington, Nov. 14.—Secretary Shaw has not yet decided to come to the relief of th emony market. He authorizes the statement that he will not interfere unless convinced that business interests are likely to suffer. Thus far no productive business interest, manufacturer, transporter, merchant or banker has asked it. He will not come to the relief of speculation. Should any business concern be denied deserved credit at reasonable rates, the secretary wants to know the facts. He believes the majority of New York loans are still made at or below 6 per cent. Call money and speculation long time money, in other words, market money, as distinguished from customers' money, is higher.

PETROLEUM OUTPUT INCREASES.

Territory West of Mississippi River Furnishes Greatest Amount.

Washington, Nov. 14.—According to a report issued by the geological survey the total output of crude petroleum in the United States in 1904 was 117,063,421 barrels. The total value of all the petroleum marketed in the United States in 1904 is $101,170,466. The gain over the production of 1903 was 16,602,084 barrels in quantity and $6,476,416 in value. For the first time in the petroleum history the quantity of oil produced west of the Mississippi river was greater than that produced east of that river.

New pools were discovered during 1904 in Texas, California, Kansas, Indian Territory and Oklahoma Territory and many extensions were made to the old fields.

An immense section, beginning in southeastern Kansas and extending southwestward into northern Indian territory and Oklahoma, now over 180 miles in length and fifty miles in width, was proved to be locally productive of petroleum and natural gas. The report says that all indications point to an increase in the production of petroleum in the United States for a series of years. The increased demand for petroleum in this country is attributed to the use of that article in automobiles.

Anti-Gambling Status Upheld.

Washington, Nov. 14.—The Ohio anti-gambling statute was upheld in an opinion handed down in the supreme court of the United States today by Justice Beckham in the case of William Marvin versus Belle Trout. The case involved the constitutionality of the law of the revised statutes of Ohio authorizing any person who loses his money at gambling to bring suit for its recovery. Mrs. Trout is the wife of Frank Trout, and Marvin, the owner of a building in Findlay, O., in which Frank Trout is alleged to have lost $5,960 on one occasion and $1,794 on another. Mrs. Trout sued under the state law to recover, and was given judgment by the trial court. That judgment was sustained by the state supreme court and today's opinion confirmed the decision of both of those courts.

GOTHAM'S HORSE SHOW OPENS.

Prince Louis of Battenburg Will Be Guest of Honor.

New York, Nov. 14.—The twenty-first annual exhibition of the National Horse Show association which opened in Madison Square garden today was larger in point of number of entries to be shown than any previous show and also of unusual social importance.

With 1,700 entries to be judged, which is 250 more than were shown last year, and with the presence of Prince Louis of Battenburg, Admiral of the visiting British fleet, the great horse show was expected to become tonight a greater social event than ever.

Prince Louis is expected to arrive at the show tonight after spending an hour or more at Coney Island with the fraternizing sailors of the American and British fleets, and in honor of his expected coming the opening day took on an international air.

Festoons of British and American colors were in evidence everywhere, and the box set aside for the prince and his party over the main entrance was liberally decorated in the colors of the two nations. Ordinarily, Friday night is considered the most important of the week from a social point of view, but owing to the intended visit of Prince Louis tonight it was expected that the opening night would witness a gathering of social leaders and a display of expensive clothing and jewelry rarely before exceeded even when society is as much on show as the horses.

Premiums agregating more than $37,000 were offered for the pick of the horses on show. The largest exhibitor is W. H. More, who has 101 entries in 45 classes.

REPORT OF ASIATIC CHOLERA.

Health and Marine Hospital Service Issues Bulletin on Same.

Washington, Nov. 14.—The public health and marine hospital service in its bulletin this week has a report on Asiatic cholera in Europe. The following is an excerpt from its Berlin advices:

"The official reports from Russia as collected by the imperial German department of health, indicate a remarkable increase in the number of cases of cholera in the districts immediately joing the Russian-German frontier. The measures taken by the general health authorities seem to have the desired effect, and a focus is obliterated very soon after its establishment by their prompt and vigorus action. In view of the fact that cholera is increasing in Russia in the provinces adjoining East Prussia and Galicia and in the districts which are drained by the Vistula and which are indirect water communication with Prussia, constant vigilance will be necessary on the part of the German authorities to prevent re-infection of Prussia. The ease with which infection might be introduced and the difficulty of the problem faced by the Germans can be best appreciated by a careful study of the map of southwesternd Russia, Galicia and Prussia."

The report adds that the German sanitary officers are doing splendid work.

Officers Go After Prisoners.

Boston, Nov. 14.—Superintendent of Police William Pierce, and Calef Inspector William M. Watts, went to Albany, N. Y., yesterday bearing with them the papers necessary for the extradition of William M. Howard and Louis H. Crawford, who are under arrest in New York city charged with complicity in the death of Susan Geary the victim of the suit case tragedy. The Boston officials will present the requisition to Governor Higgins this morning and will probably start for New York in the afternoon, returning to Boston with the prisoner tomorrow.

Three Negroes Escape from Jail.

Dawson, Ga., Nov. 14—Three negroes Cliff Powell, John Leak and Hop Baldwin, escaped from the Terrell county jail some time during last night. With some sort of metal contrivance, just what cannot be told, they loosened the iron grating of their cells from the cement floor and subsequently dug an opening through a thick brick wall. Their escape was effected so quietly that it was not discovered until the jailer entered the cell.

NEGRO CONFESSED TO HEINOUS CRIME

Pleaded Guilty to Assaulting White Woman Near Atlanta

WILL HANG ON DECEMBER 8TH

The Large Crowd Which Surrounded the Court House Was Quiet and Orderly and Seemed Satisfied With the Outcome of Trial.

Atlanta, Nov 14.—To the intense surprise of the great crowd of spectators, the court, and Solicitor Hill, Jim Walker, the negro arraigned for trial before Jurge Roan Monday morning on the charge of having criminally assaulted Mrs. G. W. Moore, at Brookwood last Thursday two weeks ago, pleaded guilty to the indictment.

"Perhaps he doesn't understand," remarked Solicitor Hill, after the indictment had been read to the prisoner.

"Oh, yet, he does," replied Judge Van Epps, of Walker's counsel. "He has confessed."

Walker himself reiterated the confession, and after his counsel had explained to the court the effort it had made in the negro's behalf, and how it had urged him not to confess, having pointed out that he would be hanged, and the negro still persisted, Walker reiterated his confession when he stood before Judge Roan.

Judge Roan then sentenced Walker to hang on December 8. He spoke of the splendid way that the spectators had restrained themselves, and how quickly justice had been meted out.

Throughout Walker, or Brice, showed no emotion. While seated his head hung over limply on his shoulder. As his counsel explained, he was perfectly dull and stupid. The import of the judge's terrible words seemingly made no impression.

Mr. and Mrs. Moore sat through the trial. Mrs. Moore was heavily veiled, and showed keenly the effects of the terrible ordeal she had been through. Neither Mr. Moore nor his sons, Cliff and John, made any sort of demonstration. They pronounced themselves as eminently satisfied.

Child Christened on Warship.

New York, Nov. 14.—Little Louise Beatrice, daughter of Dr. and Mrs. John Chadwick, of Ninth avenue, has the distinction of being the principal of the first christening to occur on the Drake, flagship of Prince Louis of Battenburg. Louis Beatrice is six weeks old, and she cried lustily all unconscious of the honor conferred on her both in the christening and in the fact that she was given the names of the two sisters of the king. The christening was celebrated yesterday in the gun room of the six-inch amidships of the starboard battery. Prince Louis was to have stood up as godfather, but his Sunday was so full of social engagements that at the last moment he had to decline and his coxswain, Albert Manns, was godfather in his stead.

Claims To Be King's Heir.

Chicago, Nov. 14—Jas. Ord, of this city, claims to be the great grandson of George IV of England, and Mrs. Maria Smith Fitzherbert, whose marriage was shown to be valid by papers which were opened in London last Friday, declared today that he would take steps to claim a share in the estate which, it is claimed, was left by King George and Mrs. Fitzherbert. Mr. Ord estimates the gross value of the estate at $125,000,000. His title to the estate he says, comes through his father, who is the sole surviving son of of a son of King George and Mrs. Fitzherbert, who came to this country in 1810.

Mexico to Import Wheat.

Mexico City, Nov. 14.—Millers predict th eimportation on a large scale of wheat from the United States. Wheat continues dear and corn is higher than for a long time. Cotton is advancing. Last year's cotton crop promises to be about 90,000 bales. There has been a healthy advance in the yield of revenue receipts, which is an infallible index to the condition of general business. Customs collections continue heavy.

BOARD OF CONTROL WILL INVITE BONDS

Architects to Furnish Plans and Specifications to Contractors.

WILL ANSWER QUO WARRANTO

Attorney-General Ellis to Represent the Board in Proceedings—Gainesville Meeting Postponed to December 11th—Board Then to Receive Bids.

At the regular monthly meeting of the State Educational Board of Control held in this city yesterday considerable business was transacted and the board was in session nearly all day, says The Jacksonville Times-Union of Tuesday, Nov. 14th.

The members of the board in attendance were Chairman N. P. Bryan, in whose office the meeting was held; J. C. Kellum, secretary, A. L. Brown of Eustis, P. K. Yonge of Pensacola and N. Adams of White Springs.

Mr. W. A. Edwards of the firm of Edwards & Walter, architects, of Columbia, S. C., the successful bidders on the plans for the University buildings, was also present at the meeting and the board spent considerable time conferring with Mr. Edwards in regard to the best plans for securing bids for the erection of the buildings that it has been decided to construct at once.

It was finally agreed that the firm of architects should insert an advertisement in the daily papers inviting contractors to apply to the architects for plans and specifications upon which to submit bids.

Gainesville Meeting Postponed.

The meeting of the board, which had formerly been agreed upon to be held November 24th in Gainesville for the purpose of receiving and considering bids for the construction of the buildings, has been postponed until December 11th. On that date the board will meet in Gainesville and open bids for the construction of buildings in accordance with the plans and specifications furnished the bidders by the architects.

The details of just what these plans and specifications should consist of took up considerable time, and it was after dark last night when the meeting adjourned. Mr. Edwards left at once for Columbia and will have the advertisement prepared and inserted in The Times-Union in a day or two.

All Institutions Doing Nicely.

Secretary Kellum read reports from the various institutions over which the board has jurisdiction and these reports showed that each of the educational institutions was progressing most satisfactorially and that the attendance was quite large. The reports were very satisfactory to the members of the board.

Board Will Answer Quo Warranto.

One matter that was taken up and discussed at great length was that of the quo warranto proceedings instituted in the Supreme Court to require the Board of Control to show by what authority the members of the board exercise the rights as officials of such board.

As this is a move to test the constitutionality of the Buckman bill, under which the Board of Control was created and all the existing State educational institutions were abolished, the Board of Control has decided to defend the suit. The Attorney-General, Hon. William H. Ellis, will represent the board and will probably be assisted by one or more attorneys selected by the board for that purpose.

The writ of quo warranto issued out of the Supreme Court is made returnable November 28, and on that date several members of the board will appear personally before the Supreme Court with their counsel.

While all the members of the board appear to be confident that the Buckman bill creating the Board of Control will be held to be constitutional, they are annoyed that the proceedings should be brought at this late day, just as the board was about ready to advertise for bids for the erection of some of the buildings for the State University.

It is feared that the uncertainty of the matter may have a tendency to influence bidders for the construction of the buildings.

After spending the entire day discussing such matters as the above the meeting adjourned until December 11, when a meeting will be held in Gainesville.

FOOD—
NOT MEDICINE.

If all the treatments for consumption were put in book form it would make a pretty big library. But after all there has been little improvement over the old treatment of rest, fresh air, sunshine, plain, wholesome food and Scott's Emulsion. The latter supplies nourishment that cannot be secured in any other way, and after all, nourishment is what the consumptive needs first.

A gain in weight, however slight, is a long step toward improvement. If there is the least thing to build on Scott's Emulsion will enable the patient to make that gain. People have gained a pound in weight from a bottle of Scott's Emulsion—it's an exception when they don't.

We have seen Scott's Emulsion take hold of a patient and bring about a change for the better inside of a week. It always helps even the most stubborn cases.

CHARGED WITH BLACKMAIL.

Venezuelan Official Tried to Hold Up Asphalt Company.

New York, Nov. 14.—Allegations that high officials in the Venezuelan government deliberately attempted to extort from the company the sum of $400,000 are made in a statement given out by the Bermudez Asphalt company in reference to the suit brought by the Venezuelan government for $11,000,000 damages for aiding in the Matos rebellion.

The means used by these officials according to the allegation, included blackmail, confiscation of the company's property, the manufacture of false testimony and the making of decrees without regard to law.

The allegations made in the statement are based upon letters which, it is declared, were received from A. H. Carner, now received, holding the company's property for the Venezuelan govpany's agent at Caracas, and the report of Colonel Victor M. Backus, who was sent to Venezuela in 1900 as an independent agent by the asphalt company.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavensworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

Better Protection for Birmingham.

Birmingham, Ala., Nov. 14.—As a result of the recent disastrous fire which destroyed the Moore & Handley building and other propertw to the total valuation of about $250,000, there has been another awakening here of the crusade in favor of better fire protection. New fire apparatus is being purchased now, and there will shortly be a large additional supply of hose fittings, etc. Through a contract made some months since with Southeastern Tariff association, the city is obliged to acquire additional equipment in considerable quantities or to be reduced in rating again.

Six Men Arrested for Murder.

Cleveland, Ohio, Nov. 14.—Six men have been taken into custody by the police in connection with the murder of Miss Evan Meyer, who was shot and almost instantly killed by an ambushed assassin while the girl was walking with her lover near the city limits late last night. All of the men arrested are held on the charge of suspicion. A rejected suitor is among those under arrest.

NEWS TERSELY TOLD.

A vertical shaft in the Drie Fontein mountain, in the Transvaal, collapsed today. One white man and 67 natives were killed.

Secretary Ruswurm said this morning that it is more than possible that the race meeting at Cumberland park at Nashville, Tenn., will be continued next week.

President Harper, of the University of Chicago, was able to leave his sick room today for the first time since Oct 1. He was suffering less pain than usual and declared that he felt better than for several days.

The American fund for the relief of the pillaged Jews in Russia, based on acknowledgements made by the national relief committee up to this morning is estimated at $200,000. It is hoped to raise $1,000,000.

The steamship Graf Waldersee, which went aground near New York Saturday, was floated shortly before 8 o'clock this morning. After being floated the Graf Waldersee proceeded immediately to her dock to reload.

Consul General Robert J. Winne, of Liverpool, will sail for New York on Nov. 15, on the steamer Oceanic, and will proceed to Washington to testify in the legal prosecutions growing out of the investigation of the postoffice frauds.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Looking to Municipal Ownership.

Chicago, Nov. 14.—Mayor Dunne will submit tonight to the city council a fourth message looking to the municipal ownership of the street car lines. Three messages which the mayor has submitted on former ocasions have been put aside for the council and the mayor will now present a plan for the acquirement of the street car lines different from anything he has offered heretofore. He will ask the issuance of certificates to an amount not exceeding $100,000,000 for the purpose of purchasing and reconstructing the existing lines or for the building and equipment of a new and complete system of street railways.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Florida City Wins Suit.

Washington, Nov. 14.—In an opinion by Justice Holmes, the supreme court of the United States today affirmed the decision of the supreme court of the state of Florida in the case of the Tampa Waterworks company, versus the City of Tampa, ruling that the city authorities had the authority to modify the rates to be paid for water. Justice Brown and Justice Peckham united in a dissenting opinion.

FIVE DAYS GRACE ON MULLET LAW

Fishermen May Continue to Ship Mullet Until November 20.

VIEW OF THE DEALERS

They Look Upon the Law as an Imposition, Not Upon Them, but Upon the Fishing Industry of Florida—Will Receive Mullet From Georgia.

According to letters received by the marketmen here from fish dealers in Cedar Key, the great Gulf fish center, it is learned that the law prohibiting the shipment of mullet, passed by the last Legislature, and which should have gone into effect today, five days grace has been granted, and that dealers may continue to receive and dispose of mullet up to and including the 20th inst.

A prominent marketman stated Tuesday that he considered the law a very poor one and discriminating against the Florida fishermen in competition with the fish dealers of Georgia. Mullet are as plentiful in the waters of Georgia as in Florida and dealers may secure fine mullet from Brunswick and Savannah in almost as quick time, and with only a little increase in cost of transportation. "We are going to have mullet if it is possible to get them, and I am sure it is," he remarked, "for the Georgia fishermen will be glad to supply us. I consider the law more of a detriment to the Florida fishermen than to the dealers."

ELLIS—RIVES.

Two Popular Young People of Alachua United in Wedlock.

Mr. S. J. Ellis and Miss Trixie Rives were united in marriage in the Methodist church at Alachua last Sunday, Nov. 12th, at noon, Rev. M. F. Mason officiating. The church was filled to overflowing by friends of the bride and groom, a large number of invitations having been issued. The bride is the daughter of Hon. and Mrs. W. C. Rives of Alachua and was reared in that neighborhood. She is noted for her amiable, sweet disposition and numbers her friends by the hundreds, while the groom is a son of Rev. V. H. Ellis and was for many years one of the most popular and efficient teachers in the county. Recently, however, he accepted a lucrative and responsible position with Hon. Frank Adams of Jasper, where they will make their home. The bride was the recipient of many handsome and costly presents as tokens of friendship.

The Sun joins the numerous friends of the happy couple in wishing them a long, happy and prosperous married life.

QUARTERLY CONFERENCE.

Convened With Kavanaugh Methodist Church Monday Morning

The Fourth Quarterly Conference of the Methodist Episcopal Church, South, was held at Kavanaugh Methodist Church Monday morning, beginning at 9 o'clock, with Presiding Elder Bridges in the chair and Ferdinand Bayer, secretary.

There were present at this meeting, besides the presiding elder and secretary, Rev. T. J. Nixon, pastor of the church, and a full board of stewards.

All reports submitted were most gratifying, and showed that the various societies connected with the church were in a flourishing condition in every way, and the church assessments all paid.

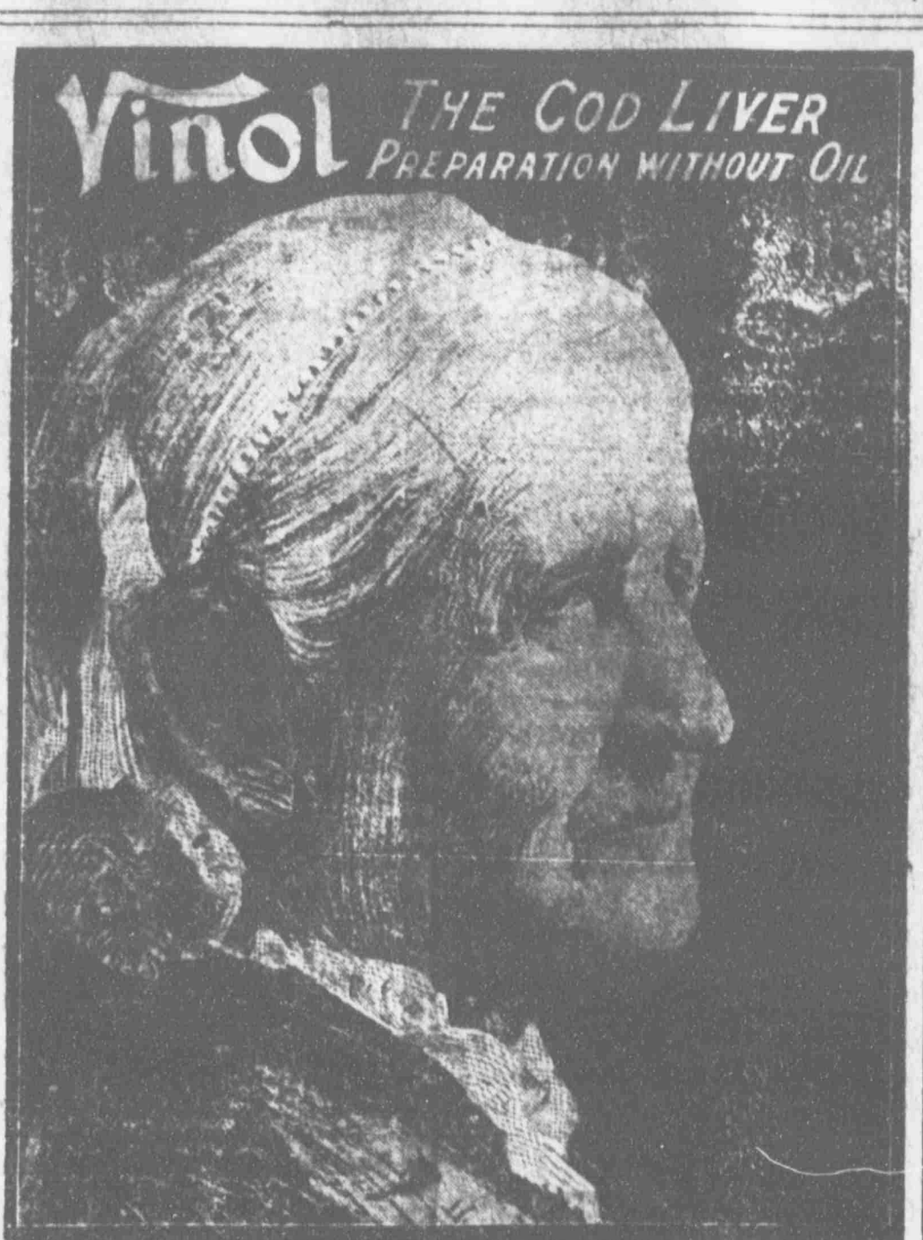
At this meeting the election of a board was necessary, and the old board was elected, with the addition of one name. Following is the board: H. L. Phifer, Ferdinand Bayer, T. J. Swearingen, J. M. Dell, W. L. Floyd, E. K. Fagan, R. B. Peeler, Henry Ramsey, W. M. Pepper, W. R. McKinstry and W. N. Sheats.

New Pastor.

The Second Advent church of this city has secured a new pastor, Rev. W. M. Strout, who will begin his labors on Sunday next, and regular services will be held in the future.

Mr. Strout came to Florida from Vinal Haven, Me., one week ago and met with the Second Adventists Conference recently held at Live Oak, where he was assigned to the charge in this city. He is a gentleman of good ideas and expects to enter the field with a view to building up the membership.

For the present Mr. and Mrs. Strout are stopping with Mr. and Mrs. Geo. W. Perry of North Gainesville.



Vinol is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequaled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return you your money without question. We take all the risk.

BIG NAVAL STORES DEAL.

J. J. Haymans and T. J. Shaves Have Purchased Big Plant.

J. J. Haymans, the naval stores operator of Lochlocosa, and T. J. Shaves of Eau Gallie, have purchased the interests of the Yulee Naval Stores Company at Yulee, near the Georgia line, between Waycross and Jacksonville, for which they paid $30,000.

This farm contains thirteen crops, with five thousand acres of round timber, or a sufficient quantity to cut twenty more crops or 200,000 boxes.

Mr. Haymans, who was in the city Tuesday, operates one of the largest and most successful naval stores farms, of twenty-three crops, at Lochlocosa. He declares he will make seven hundred barrels of turpentine under fair conditions this year, which means a pile of money.

Mr. Haymans does not intend to leave this part of the country. The business at Yulee will be under the management of T. J. Shaves.

Old Maids' Supper.

The Old Maids' supper, which was given at the North Gainesville Hall Monday evening for the benefit of the hall fund, was well attended, and it is needless to add, enjoyed. The girls were "dressed in their best," but were sold by weight, with the result that they realized from 30 cents to $2.25.

The program was interspersed with "Rhymes from Mother Goose," by the little folks, and at the conclusion refreshments were served. Altogether the evening was pleasantly and profitably spent, about $15 having been realized.

Off to Jacksonville.

Hons. Walter G. Robinson and Henry S. Chubb, register and receiver of the United States land office, left Tuesday for Jacksonville, where they attended an important meeting of the Florida State Central Committee, of which Col. Chubb is chairman. Messrs. Robinson and Chubb are among the leading Republicans of the State, and have been very active, as well as successful, in politics.

TWENTIETH CENTURY CLUB

Held Fine Meeting Monday Afternoon at Home of Mrs. Becker.

The Twentieth Century Club held its third meeting of the season at the hospitable home of Mrs. Becker, Monday afternoon. A large number of ladies were in attendance and thoroughly enjoyed the interesting program under the able leadership of Mrs Wilcox.

Mrs. Harper's paper on "Russia's Position Among the World Powers," and Mrs. Taylor's on "Russia's Imperial Family," gave much valuable information concerning the land of the Romanoff.

Mrs. Godwin sang a folk-song of Blumeanthaliz, and Mrs. Becker rendered Mendelssohn's Hunting Song with her customary beautiful technic.

After the program delightful refreshments were served by the gracious hostess and the club adjourned to meet with Mrs. Bromley on November 27.

SPECIAL NOTICES.

On account of the annual meeting of the Southern Educational Association, which meets at Nashville, Tenn., November 22-25, the Atlantic Coast Line Railway has arranged to sell tickets at one first-class fare plus twenty-five cents for the round trip. These tickets will be on sale November 20th and 21st; final limit of same will be November 30th. For full information or sleeping car reservations see Atlantic Coast Line agents or write Frank C. Boylston, District Passenger Agent, Jacksonville, Florida.

"A CASE OF SUSPENSION."

Visitors to Auditorium Tonight Will Enjoy Fine Show.

Those who attend the auditorium of the University Graded and High School tonight will not only be assisting a good cause—the football team of the school—but will enjoy a fine evening as well.

The play to be presented is a clever three-act comedy, entitled "A Case of Suspension." This story tells the troubles of three college girls off at school, and to say the least is amusing. The cast is made up entirely of high school students, as follows:

Professor Edgerton . . . A. A. Miller
Miss Judkins (matron of the school) . . . . . Miss Kate Evans
Jonas (the Janitor) . . . O. R. Albright
Kathleen, a Celtic Maiden . . . . . Miss M. Cellon
College Girls . . . . . Misses Fagan, Futch and Cannon
College Boys . . . . . B. P. Richards, S. L. Carter, M. G. Stringfellow.

The price of admission has been placed ridiculously low, being 35 cents for adults, twenty cents for children and pupils of school.

The promoters of this entertainment state that it is being given to raise money without being compelled to ask the business men and merchants to sustain the football team. Let everybody attend.

THE CIRCUIT COURT.

Second Day Spent in Case of Mrs. Beach vs. A. C. L.

The second day of the circuit court, outside of the grand jury room, was spent in the case of Mrs. Ann Beach vs. the Atlantic Coast Line, assumpsit, damage for the death of her husband at High Springs. The case occupied the entire day, and up to last night the evidence was not completed.

The court will convene again at 9 o'clock this morning, when the case will be resumed.

Directors of the Enterprise National Bank of Allegheny, Pa., have filed petitions in the common pleas court asking that the judgments taken by the treasurer, W. L. Matheus, against them, be opened on the ground that the State having at various times checked out or withdrawn the deposits actually bonded, the conditions of the bond were fully met and complied with and therefore the directors cannot be held liable. The court granted a rule on the plaintiff to show cause why the judgment should not be opened. In effect, if the directors' contentions be sustained, the State would lose all money deposited at the time of the bank's failure.

HOLD YOUR COTTON.

Again the cotton statistics of the Federal Department of Agriculture have held their influence on the selling price of cotton, this time the statistics being those of the ginners, says The Atlanta Constitution. The effect was to slightly depress the cotton market, and the bears are again hoping against hope.

Let no Southern cotton grower allow himself to be stampeded into rushing his bales to market by any of the "bear" arguments sent out by speculators. As a matter of fact, and a fact never better known in the cotton belt, this season's cotton crop was "all in" remarkably early, and its shortness was quickly apparent. Of course a crop harvested so early is ginned early, and its shortness was quickly apparent. The middle of November sees the picking practically over, and it will surprise the men on the ground who know actual conditions if the ten-million-bale mark is reached. That would indeed seem to be a maximum figure.

The manufacturing world will take every bale of this year's American cotton crop at its true value based on the law of supply and demand. There is no need for the planter to sell his cotton for less, if he is prepared to hold awhile. Right at this juncture is a good time to "stand pat" for a higher price than the market is affording at present. The inevitable tendency of the fleecy staple is upward. It is bound to advance. The farmer who can possibly hold and does not is sacrificing good, hard-earned dollars.

And the farmers are showing the same good sense they exercised last year by holding.

POLITICAL HISTORY.

Many papers are now declaring that political history is making now, because at a few elections in an off year, when there may be a governor or a mayor or two in different States to be elected, that the Democrat and Reform party have been successful. If the same thing hadn't happened many times before there might be some occasion for hope for the future, but the same thing has been too often heard before.

The recent elections have shown that the people are opposed to bossism, a sentiment that has been manifested time and again. The victories will be enjoyed by some of those who have been elected, and we will hear the cry that "the bosses must go," the same as we did about confidence being restored, but it will only be a confidence game, and the bosses who have been squelched for the time being will start new plans to working, and when the Presidential year arrives there will be another solid phalanx of the g. o. p. to march to the front unless the Democratic party unites on a platform on which the people can stand and a man is secured from out of the West to lead the hosts.

The Republican leaders will join in with the crowd and yell "stop thief" as heartily as any one in the land, but when the excitement of the little two-by-four off-year victory has died out, they will be up and ready for the great contest with all their past deeds buried and never once think of anything but the election of their candidates.

What Roosevelt has said will be forgotten by the next campaign, and what he has tried to do will be of no avail.

Even the cranberry growers are getting onto the job, and in anticipation of Thanksgiving have sent up the price of this adjunct to turkey to $11 a barrel.

TEXAS COTTON.

From Temple, Texas, comes the statement that there is quite a contrast in the movement of the cotton crop for this year and last. While the prices have remained about ten cents this year, all available cars have been called into use to handle the movement of cotton eastwise and while this has been done and especial efforts made to release cars promptly, there has been barely enough cars to accommodate the demand. Last year it was quite different. Cars were always on hand, empty, and the cotton crop moved tediously and slowly. Now full trains of cotton move, where last year it went in carload lots.

Now special trains are run to handle nothing whatever but cotton, and they are cotton specials and make the time allotted to a passenger schedule. The difference in the two seasons is accounted for by the difference in prices for cotton during the two years and the disposition of farmers to hold cotton until it can be sold like something for ten cents a pound.

FINE CATTLE.

The display of fine cattle from the Spring Park Stock Farm on the streets Monday is an evidence of what can be done in Florida, if pure-bred stock is used as the foundation of stock raising. The cattle from this farm are not only well-bred, but they show an individuality that is convincing to all judges of cattle. Pedigree in a scrub animal is no better than the common breed of range cattle.

There is always room for improvement in cattle for the dairy as well as beef, and the truth is that there must be a more rigid selection of breeding animals. Only the fittest should be sent out to perpetuate their kind, and the unfit never, no matter how blue their blood.

Social Tragedy

Women Who Brave Death for Social Honors.

In the midst of one of the most brilliant social functions of the season, a noted society woman started suddenly from her chair with a scream of agony and fell insensible to the floor.

A few hours later the distinguished physician told her anxious husband that she was suffering from an acute case of nervous prostration brought on by female trouble, and hinted at an operation. Fortunately a friend advised her to try

Lydia E. Pinkham's Vegetable Compound

The result was that she escaped the surgeon's knife and to-day is a well woman.

The derangement of the delicate female organism sets every nerve in the body quivering with pain. Headaches, backaches, torturing bearing down pains and dragging sensations make women nervous and hysterical.

DEAR MRS. PINKHAM:—I was troubled for eight years with irregularities which broke down my system and brought on extreme nervousness and hysteria. I could neither enjoy my meals nor sleep nights, became easily irritated and nervous and very despondent. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. After taking the third bottle, my general health began to improve. At the end of the fifth month I was well and could attend to my household and social duties and enjoy life. MRS. CHESTER CURRY, 42 Saratoga Street, East Boston, Mass.

Mrs. Curry, whose portrait appears on the right, is the leader of the Ladies' Symphony Orchestra. The following letter is from Miss Goode, President of the Bryn Mawr Lawn Tennis Club of Chicago:

DEAR MRS. PINKHAM:—I tried many different remedies to try to build up my system, which had become run down from loss of proper rest and unseasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since. MISS CORA GOODE, 355 E. Chicago Ave., Chicago, Ill.

Mrs. Pinkham's advice is free to all. Her address is Lynn, Mass.

MELROSE MATTERS.

Winter Visitors Arriving—Common Council Meeting—Potato Supper.

Melrose, Nov. 13.—N. Price reports the cotton season about over; so far, he has ginned 125 bales and shipped two carloads of seed. During the summer Mr. Price operates a cannery, this year's output being 1,500 of two-pound cans of peaches, 2,500 of three-pound cans of peaches and 3,500 of three-pound cans of tomatoes, for all of which he finds a ready sale, the table peaches being extra fine.

The town council met in regular session on Tuesday evening, all members being present. A number of bills were presented by the street commissioner and ordered paid. The tax book for 1905 was declared open at the same rate as last year, viz.: five mills. The town clerk was ordered to prepare a list of the registered voters for the coming election of town officers.

H. Jackson and J. L. McLeod have gone for a camp hunt. They expect to be away for about two weeks.

Miss Mary Bennett has accepted a position with the Melson Drug Company.

The arrivals from the North for the winter are: Mr. and Mrs. H. W. Hamlyn, Mrs. N. Orr of Hohokus, N. J., also W. Gale, Chicago, Ill. Among the visitors in town are: Mrs. C. W. Rogers of Live Oak and Miss F. Miselle of Island Grove.

Mrs. M. Laughlin of Hohokus, N. J., has rented the Bay View property and will open it as a first-class boarding-house on Thanksgiving Day.

The ladies of the M. E. church announce the potato supper at the Town Hall on the evening of November 28. All are cordially invited.

Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, sour bread, which is caused by several reasons. First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances is no much more palatable.

The Seaboard Air Line operates buffet parlor cars between Waldo and Tampa on train leaving Waldo that connects with the morning train from Gainesville.

Worm Destroyer.

White's Cream Vermifuge not only kills worms, but removes the mucous and slime in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist. Sold by W. M. Johnson.

Will Accept Tainted Money.

Columbus, O., Nov. 14.—Rev. Dr. Washington Gladen, moderator of the Congregational churches of the United States, announced from his pulpit that controversy over 'tainted money" has been definitely settled so far as the Congregational church is concerned, and "that there need be no fear that moral issues will be raised hereafter in the solicitation of money."

Situation at New Orleans.

New Orleans, Nov. 14.—For the fourth day there were neither new cases nor deaths from yellow fever up to noon today. Only ten men are now employed for outdoor work by the federal service. Dr. White went to Mobile today.

JAPAN RAISES HER LEGATIONS.

Her Representative at Washington Will eB an Ambassador.

London, Nov. 14.—The Tokio correspondent of the Tally Telegraph sends the following:

"It is officially announced that the American legation has been raised to an embassy.

"An important agreement has been concluded between the German governor of Kiaochau and the Chinese governor of the province of Shantung, under which Kiaochau will be evacuated in January and Kiaomi six months after the signature of the agreement.

"It has definitely been decided that Vice Admiral Togo, with a squadron, will visit England probably in March. The training squadron will visit the United States and not Australia, as previously announced."

Big Fire at Athens, Ga.

Athens, Ga., Nov. 14.—Athens was visited by a disastrous fire, which wiped out a large cotton warehouse belonging to Deadwiler & Co., and more than 1,500 bales of cotton stored therein, together with $20,000 worth of flax belonging to the Aberdeen linen mills of this city. The cause of the fire is unknown, though it is praactically conceded that it must have originated in one or two aways, either from the bon fire built on the campus last night by the students of the University of Georgia in celebration of their victory over the Dahlonega football team or from a spark from the railway tracks.

Three Texas Negroes Lynched.

Henderson, Tex., Nov. 14.—A mob of 200 men broke into the jail here and overpowering the officers took therefrom John Reece, Robert Askew and one other negro, whom they are now hanging in the public square. The negroes were arrested with two others a few days ago for the murder of a farmer about 10 miles from this place. The other two negroes were not molested, members of the mob claiming they were only accomplices ,and not principals.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Democrats Gain Three Members.

Richmond, Va., Nov. 14.—Complete unofficial returns from the recent state election show that the Republicans elected only 18 members of the general assembly, the Democrats making a net gain of taree members over their strength in the present assembly .The Republicans have six senators and members of the house. All of the remaining 122 members of the assembly are straight Democrats.

Tawny Will Be Chairman.

New York, Nov. 14.—A Tribune dispatche from Washington says: It was said yesterday on reliable authority that James A. Tawney, of Minnesota, will be named by Speaker Cannon as chairman of the house committee on appropriations, succeeding James A. Hemenway, who became a senator from Indiana on the election of Vice President Fairbanks to his office. Mr. Tawney was a member of the ways and means committee in the last congress and for a number of years has been a Republican "whip" serving in that capacity under Speakers Henderson and Cannon. His aggressive and his larg personal following in the house of representatives.

Russian Prisoners Released.

Yokahoma, Nov. 14.—Thirteen hundrew and seventy-four Russian prisoners, including 352 blue jackets from Port Arthur and one colonel, one lieutenant colonel and 11 soldiers captured at Kiulencheng and Telissu, have been released and turned over to the Russian representatives. The Japanese government has provided accommodations for them during their transportation home.

Ruhlin Claims Championship.

New York, Nov. 14.—Gus Ruhlin, the boxer, took steps today to claim the world's heavy weight championship from which James J. Jeffries has voluntarily retired. Ruhlin announced that he has posted a $500 forfeit with Al Smith to box any man who desires to take up his challenge, and that if at the end of six weeks this offer remains unaccepted he will claim the heavyweight title.

Zion City Overseer Not Sick.

Chicago, Nov. 14.—Deputy Overseer John Speicher, of Zion City, declared today that the reports of threatening illness of the overseer is unfounded. He said that he had yesterday received a message from Dowie declaring that his health was excellent and that he would leave Mexico for Chicago on Nov. 14.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Two Men Sentenced to Hang.

Wilmington, N. C., Nov. 13.—Judge Purnell, in the United States court, has sentenced Arthur Adams and Henry Sawyer, convicted of mutiny and murder on the schooner Harry A. Berwynd, off this coast, early in October, to be hanged Jan. 26 in this city. Counsel for the prisoners are given 30 days to perfect an appeal. The jury in the case for the third of the defendants, Henry Scott, is still unable to agree on a verdict after having been out 24 hours.

Fever Practically Over.

Pensacola, Fla., Nov. 13.—Yellow fever is practically at an end in Pensacola, and State Health Officer Porter is being congratulated upon having controlled the disease under the opposition shown by residents. Tonight's reports show no new cases, and no deaths, while there are only two cases under treahment, and these will be discharged within a few days. By Monday it is expected that the city will be free of fever.

Texas Shipping Many Turkeys.

Waco, Tex., Nov. 13.—Turkeys are being shipped by car loads from this section to California, and points north and east. The fowls are first dressed and then placed in cold storage cars. Prices have gone up to 11 and 12 cents per pound.

If the Baby Is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

GAVE ROSTAND HIS START.

Sarah Bernhardt Had Faith In the Playwright's Ability.

Edmond Rostand, the great French playwright, had the usual difficulty in getting a hearing when first he began to write for the stage. Sarah Bernhardt was directly responsible for the primal achievement of this successor of Victor Hugo. Mme. Bernhardt grew greatly interested in Rostand's first play, "La Princesse Lointaine," and suggested that he give a public reading of the manuscript at her theater.

To this reading the actress invited Coquelin, whose attention was riveted from the very first line and who, walking home with the poet, gave it as his opinion that his companion was to become the greatest dramatist of the age.

"I bind myself, here and now, to take any play which you write (in which there is a part for me) without reading it," he said, "to cancel any engagement I may have on hand and to produce your piece with the least possible delay."

Such faith as this proved a veritable backbone to Rostand, who had lost all hope of exciting interest in his work. A few years later Coquelin produced "Cyrano," the success of which has passed into histrionic history. It was gratitude to Mme. Bernhardt for her share in giving him this opportunity that made Rostand write "L'Aiglon," which many critics consider the greatest tragedy of modern times. Mme. Bernhardt made a fortune from the play, which she presented not only in France, but also in England and America.—New York Press.

The Mediaeval Kitchen.

It was the middle ages before the kitchen had been raised to the dignity of an established apartment. Strange doings went on in those mediaeval kitchens. Butchers slaughtered animals there, which were skinned and dressed as well as cooked in the kitchen. The family blacksmith kept his fire there and repaired the plows and wheels of the estate. Coal began to be used as a kitchen fuel in 1245, though not generally for 200 years after. The oven did not come into use until the year 1400, and then it was the old fashioned brick oven, which persisted for hundreds of years. The stove, when invented, took the place of the separate oven and the fireplace, with its spit, crane and hanging pots.

Break a Bad Temper.

Anger gets more people into trouble than meanness. We do and say things while in a temper that we spend the rest of our lives in regretting. Parents should never punish their children while in anger, for if they do the child invariably gets more than it deserves. Wait till you cool down before you whip or shut up in dark closets. Then, too, if it is the child that has a temper and not yourself break it before the age of six is reached, for if you don't then that child's temper is likely never to be conquered.

"I Thank the Lord!"

Cried Hannah Plant of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at all drug stores; 25c.

THE COMMON SNAIL.

An Air Breathing Creature That Lives Without Air.

The common snail has lungs, heart and a general circulation and is in every respect an air breathing creature. This notwithstanding, he can live on indefinitely without inhaling the least atom of air—that which is usually considered the essential to existence in all creatures supplied with lungs. Leppert says, "To all organized creatures the removal of oxygen, water, nourishment and heat causes death to ensue." When that statement was made he does not appear to consider the snail as one among the great host of "organized beings," for experiments prove that any or all the usual life conditions can be removed in its case without terminating its functions.

It is a fact well known that the common land snail retreats into his shell on the approach of frosty weather in the fall and that the opening or mouth of the shell is hermetically sealed by a secretion which is of a silky texture and absolutely impervious to both air and water. In this condition it is plain that he is deprived of three out of the four elements of life mentioned by Leppert—viz., air, water and nourishment.

Taken after he has been thus handicapped for months, he may be plunged into a chemical mixture 100 degrees colder than the degree marked at Fahrenheit's zero and allowed to remain in that chilly solution for weeks. Yet as soon as restored to normal temperature life is renewed, and the snail soon regains his natural powers, clips the silken curtain from his house door and begins to feed as naturally as though just awakening from a winter's sleep. Spallanzani kept a snail of the great helix family hermetically sealed in a glass tube from which all air had been carefully removed for a period of four years and two months, yet he declared that the creature regained all its normal functions within less than an hour after being exposed to a temperature of 90 degrees.

SOUTHEY'S GUILLOTINE.

It Did Not Serve the Purpose For Which It Was Made.

Lord Southey once in a fit of disgust with life had a magnificent guillotine erected in the drawing room of his magnificently appointed house in the Rue de Luxembourg, at Paris. The machine was an elaborate affair, with ebony uprights inlaid with gold and silver. The framework was carved with great artistic skill, and the knife, of immense weight and falling at the touch of a spring, was of ornamental steel, polished and as sharp as a razor.

The spring which liberated the knife was placed within easy reach of any one kneeling upon the scaffold. In fact, every detail was arranged with a view to the convenience of the would be suicide. The day that the engine of death was entirely finished Lord Southey completed his testamentary dispositions, shaved, had his hair cut and, clothed in a robe of white silk, knelt upon the platform under the knife.

The guillotine was placed before a large mirror, wherein the person committing suicide could see his own image until the last. Murmuring a short prayer, Lord Southey placed his head in the semicircle and pressed the spring.

The next morning he was found calmly sleeping in his bed. The spring had failed to work, and after several fruitless efforts Lord Southey was compelled to relinquish his attempt upon his life. Thoroughly cured of his spleen, he presented the guillotine to the Glasgow museum, whence he made an annual pilgrimage to see it until the end of his life.

In the Days Before Sugar.

Once upon a time, when there was no such thing as sugar—lovers of lollipops, only think of it—bees were of much greater value than they are now, for honey was then the chief if not the only sweetener, and wax was largely used in the making of very fine candles for altars and royal banquets. Some of the laws of old Ireland so green and of little Wales dealt with the subject of bees, which shows how important as well as industrious were these busy insects. Every owner of bees was required to distribute some of his honey among his neighbors every third year. Why? Because his bees had gathered their honey from the opening flowers on his neighbor's lands. There was a nice sense of justice for you! And some there are that would like to see it applied all round, even in the present day.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.
